Help your electric bill come on down with ENERGY STAR® appliances and cash rebates.

The true cost of an appliance goes beyond the price tag. You have to consider the amount of electricity it will use. By choosing ENERGY STAR appliances, you can save up to 30 percent on your electricity bill. That's up to a \$600 yearly savings for the average residential electric customer. ENERGY STAR appliances also help reduce energy demand and the need to build new power plants.

To make the deal even sweeter, Interstate Power and Light Co. (IPL), an Alliant Energy company, will give you cash back on your qualifying ENERGY STAR appliance purchase.

Clothes washers (2 max.)
 ENERGY STAR \$100 rebate

Room air conditioners (3 max.)
 ENERGY STAR \$50 rebate

Freezers (5 max., 10 cubic ft. or larger)
 ENERGY STAR \$50 rebate

Refrigerators (5 max., 10 cubic ft. or larger)
 ENERGY STAR \$50 rebate

Recycle your old appliances and get \$35!

IPL will give you \$35 for each working refrigerator, freezer or room air conditioner that we recycle (maximum two each per year). Call 1-800-723-7635 between 8 a.m. and 5 p.m. to schedule a pick-up time.
