Subject: Non-Residential Programs – Measure Characterizations

Data Request No. 63

- A. Is IPL using the measure characterizations as described in the Quantec report Appendix A? If so, what is the incremental cost of each efficient measure?
- B. What are the persistence and penetration rates?
- C. What are the O&M costs/savings?

Response

- A. Please see the Nonresidential Prescriptive program information provided in IPL's responses filed June 11, 2008, Item 2, to Iowa Utilities Board "Order Docketing Plan, Setting Intervention Deadline, Establishing Procedural Schedule, and Requiring Additional Information" issued on May 23, 2008.
- B. Please see the above referenced IPL response, Item 2 for penetration rates. This response provides the assumed number of measure installations each year, as well as installations per participant. No degradation of savings was assumed for any of the measures.
- C. No O&M costs or savings were assumed for prescriptive measures.
